RACES OFF TODAY

Track Found to Be Too Heavy for Speed Contests.

The Kansas Derby Will Be Run Tomorrow.

LIST OF GOOD ONES.

Pacers in 2:18 Class on the Bill Wednesday.

Program Arranged for Rest of the Week.

The drenching rain Monday night made the half mile race track at the fair grounds unfit for use this afternoon. The horse dopsters at the fair grounds hung around all morning with their eyes skyward waiting for a sign of the sun. But the sun did not come out in time for a sufficient drying process and at 11 o'clock the officials declared the races off.

The program for tomorrow includes a 2:18 pace, three-year-old trot and three-year-old pace. Today's regular program will be sliced into pieces and distributed throughout the week. "It will be very little trouble to sandwich these events in with the others," said one of the officials this morning. "We have as today as an extra day and the rest of the events can be shifted to the days coming."

It is probable that the Kansas derby will be placed on the program tomorrow. This was scheduled for today but had to be called off. It is probable that it will be the last event tomorrow. The entries are Fair Messenger, The Sultan, Volse, Contingent, Bobby Cook and Albee. The first three seem to be the favorites from the present outlook. Contingent is just like the governor's fund—it is hard to tell what will happen to it. The 2:18 pace for a \$400 purse will be the first event and will prove a drawing card. There are seven out of the state horses in this race and they all bear good records. Malba is backed heavily for the winning. There are no Topeka horses in this event. The whole event is as follows:

2:18 Pace—\$400.
Malba, s. m., by Ben Wilkes, jr., C. B. Dellenbeck, Eldorado, Kan.
Tony W. Preston, b. s., by Tony W. Bosque Valley Stock farm, Valley Mills, Texas.
Prince Scott, b. g., by Cecilian, L. B. Murphy, Columbus, Ohio.
Maude K., ch. m., by Airship, R. B. Finch, Bartlesville, Okla.
Footie, b. m., by W. O. Foote, W. O. Foote, Dallas, Texas.
Beauty H., s. m., by Sphinxoid, Charles Terhush, Wichita, Kan.
Lady Quicks, b. m., by Quicks, G. F. Hise, jr., Gentry, Mo.
Young Adie, b. m., by Unknown, H. Friend, Wyoming, Ill.
John S. Wilkins, br. g., by Symbolier, E. L. Morse, agent, Wynore, Neb.
Jessie W., b. m., by Dr. Wood, Dr. E. Jones, Parsons, Kan.
Riley P., b. g., by Riley Medium, J. E. Adams, Ottawa, Kan.
The Earl's Daughter, s. m., by The Earl, A. M. Sefton, agent, Wichita, Kan.
The entire program then will be:
2:18 pace, purse, \$400.
3-year-old trot, stake, \$500.
3-year-old pace, stake, \$500.
Seven furlongs, \$100.
Six furlongs, \$100.
Derby, one mile, \$500.
Odell, the Bee, W. Ward, has announced his part of the program for tomorrow. It will be as follows:
Wednesday, 11 a. m., "The Queen Bee," a fascinating study of insect life.
3 p. m., "Scientific Breeding," a lecture worth dollars to every farmer.
Many Visit the Exhibits.
The attendance this morning was for the most part composed of country people who were intensely interested in making the rounds of the exhibits. The displays in the big produce tent were being put in place this morning.

In connection with the produce one of the most interesting exhibits is that superintended by Bradford Miller. It is composed of corn entries by the children. One competent farmer asserted that this display is the best general corn exhibit ever seen. The youngest exhibitor is but seven years old. The Franklin and Linn county displays of general produce are excellent. The Shawnee county display is conspicuous on account of its absence. One of the exhibits which has attracted considerable attention, especially among the younger generation, is that of Shetland ponies. R. J. Foster living near Topeka on the Burlingame road is displaying ten ponies, T. B. Odell, Berryton, S. A. and Richard of Topeka 2, aside others who have made single entries. The poultry department is in full running today and is an attraction for the farmers especially. The Topeka Bird Store, has an exhibit which is of considerable interest on account of the variety of the entries, which include canaries, parrots, Japanese nuns, Parakeets, Australian love birds, short tailed finches, rabbits, guinea pigs, monkeys and gold fish. At Floral Hall there is a great variety of exhibits which include a display of glass mirrors and stairways by the E. Horn Co., of Topeka; dairy machinery by the Empire Land and Irrigation Co.; butter statuary by the Continental Creamery Co.; various products of milk by the Pure Milk Co., bees and honey by O. A. Keene and F. P. Lucas of Topeka; F. G. Odell of Lincoln, Neb., and E. Davidson of Garden City; cheese by the Rorer Cheese Co.; dairy machinery by the Empire Separator Co., sewing machines by the Singer Sewing Machine Co.; products of the Gavitt Chemical Co.

THE PERFECTION OF CREAMERY PRODUCTS

Visitors to the State Wide Fair should not fail to visit our complete display of Creamery Products which are the best made.

Look for them in the big glass cases in the north end of the exhibition building.

Fine Russian Orloffs

There is at the Fair Grounds a pair of Black Russian Orloff Stallions, Mustaff and Mouka, which have just arrived from the Czar's Imperial Stables at St. Petersburg. They are the first pure blooded Orloffs imported into the United States and were shipped from St. Petersburg Aug. 11, arriving at the Fair Grounds Saturday, Sept. 5th, having made the entire journey without stopping except at Antwerp and London.

The entire Orloff Stud is Owned by the Russian Government and very few are sold or allowed to leave Russia. They are the most beautiful carriage horses in the world.

They will be taken from here to St. Joseph, Mo., and Springfield, Illinois fairs.

BUFFALO BILL COMING.

Combined Shows Given at Skene's Park Tomorrow.

Colonel W. F. Cody (Buffalo Bill) and Major G. W. Lillie (Pawnee Bill) with their combined Wild West and Far East shows will be in Topeka tomorrow. These merged attractions will show at Skene's park in the afternoon and evening, providing of course that Topeka is favored with something better than the usual variety of circus day weather. This is the first time in many years that "Buffalo Bill" has brought his show to Topeka. Pawnee Bill, as Major Lillie is known, because of his friendly dealings with the Pawnee Indians, has been seen here more recently, having shown here two years ago. This, however, will be the first appearance in the city of the combined attractions. Buffalo Bill's wild west show has been all over the world. He made a great hit with it at the two big jubilees of Queen Victoria. This show was originated by Buffalo Bill over a quarter of a century ago. It was a big success from the start. Major Lillie

organized his company several years later using Buffalo Bill's success as an incentive and featuring life in the antipodal regions, the far east. In the combined shows, all the phases of life on the western frontier and the Orient will be correctly portrayed. Both Buffalo Bill and Pawnee Bill will be here with their company and will have a prominent place on the program of attractions. Buffalo Bill is especially well known through his long service as a government scout and member of the regular army during the early day struggles with the Indians. The afternoon performance will start at 2 o'clock while the evening show will start at 8. At 11 o'clock in the morning and at 6:45 in the evening a free exhibition will be given to the public by Frenzie, the Mohammedan dervish, who dives from a high mast to an inclined platform without the aid of any mechanical device or other apparatus. There will be no parade. Buffalo Bill has taken the initiative in this regard, and says that no performer can give his best efforts in the show after tiring himself in the parade.

The Prudential State bank, corner Seventh and Kansas avenue. See San Diego exhibit at the National hotel balcony floor.

Proclamation.

Mayor Green has issued the following proclamation:

Mayor's Office, Topeka, Kan., September, 1909.
The State Wide Fair association is putting forward every effort, exerting wonderful energy and expending money lavishly to present to the people of the state of Kansas an agricultural exposition superior to anything of the kind that has ever been witnessed within our borders. It is not only right and proper, but it is incumbent upon the people of the capital city that they co-operate with this association in its endeavors, and especially, that they give to it their most liberal patronage. I therefore recommend and urge that in order that all people in our city may have an opportunity to attend this fair, that Thursday, the 15th, in the afternoon, be regarded as a holiday, and that on the afternoon of that day all public and private business be suspended so that all stores, offices and counting rooms be closed and that all citizens of Topeka attend the fair at that time. In witness whereof, I have hereunto set my hand this 15th day of September, 1909.

WM. GREEN, Mayor.
Attest: C. B. BURGE, City Clerk.

binding twine from the state penitentiary.

Exhibit of Fine Horses.

The exhibit of imported horses by W. L. De Clow were attracting a great deal of attention this morning, especially the Orloff horses from the Royal stables of St. Petersburg. The following is a brief history of this breed of horses:

Built on the immovable rock of Arabian blood, is sufficient guarantee that the Orloff horse, will endure to be most familiarly known to the world. In the year 1777, during the reign of Empress Catherine the Great, of Russia, Count Alexis Orloff laid the foundation of two great breeds of horse—the trotter and the coach. He started by buying in the south of Greece a silver white Arabian stallion, Smetanka, for 60,000 roubles (assignats), which is equal to 1714 pounds. Smetanka was of the Saclav class, of the Koelani breed, and was a magnificent horse and very powerful; he was 2 archines, 2 1/2 vershoks high (15 hands or 1 metre 5240). He was used one season only at the stud, and died in 1778, leaving only four colts and one filly. Smetanka had two ribs more than ordinary horses, as can be seen by his skeleton, which is still kept in the Orloff museum.

Count Orloff bred Smetanka to what was then known as "The Courser" of England, and later the "Anglo-Arab" (of Arabian and Barb origin). Hence it is plain to be seen that the Orloff, like all other great breeds of horses, are of Arabian origin.

Count Orloff never sold a stallion during his life. Sometime after the count's death, in the year 1845, the Imperial government bought the entire Orloff stud of trotters and coach horses from the Countess A. A. Orloff, daughter of its founder, consisting of 21 stallions and 194 brood mares of the Orloff trotter breed, and 9 stallions and 112 brood mares of the Orloff coach breed. The Orloffs have bred true for over 80 years.

During the Paris International exposition the stallion Bedouin, an Orloff trotter, trotted three kilometres in 4 min. 45 sec., and the last kilometre in 1 min. 29 sec., which is equal to 1 min. 32 sec., per verst (3500 feet), while the celebrated American trotting mare Flora Temple's (one of our best at that time) best time per verst was 1 min. 36 sec. The Orloff breeds possess a smooth conformation, a high spirit good disposition, and splendid style, and elegance of action. The bicycle repair shop owned and managed by J. H. Brummitt, at West

Fifth street, is one of the best equipped in this city. His repairs are of the kind that stay fixed and he has gained quite a reputation in this line. He keeps the Excelsior motor cycle which was a winner in yesterday's races. Mr. Odell, the "bee wizard," entertained the people this morning in a most fascinating manner with his "Thirty Minutes in Wonderland," a lecture and vaudeville performance with the bees. At 3 o'clock this afternoon his horticultural lecture, "Bees in Garden and Orchard," was accompanied with sensational feats with the bees. The attractions of Mr. Odell are well worth seeing. Tomorrow he will continue his entertainments. All of the lectures are a part of the course given at the Nebraska state fair by the state board of agriculture.

ANOTHER MURDER MYSTERY.

New York Police Find Unknown Man Covered With Knife Wounds.

New York, Sept. 14.—The finding of the body of a man who had been stabbed several times in the back, in the Bay close to the Battery wall, has given the police another murder mystery. The body has not been identified.
